

Prepare the natural nail by pushing back cuticles, removing shine with a medium file or arbor band, and swiping away oils and dust with Swipe.

Apply two coats of Protein Bond.

Use Pink Cover Powder and reverse application to build body with a sharp smile line.

Apply the artistic nail form in a square shape.

Cap with Speed Clear to reinforce the free edge.

Once...

Use the YN-99 and the I-Formation road map to file the enhancement into the proper shape.

Apply Finish Gel to the surface of the enhancement and cure for two minutes.

Condition the nail with Rose cuticle oil after the cure.
